

SafeVision, LLC - Online Orderform – New York Army National Guard

Please complete this order form, obtain a copy of your current eyeglass prescription WITH pupil distance measurement (very important) and fax or email to:

SFC Alicia Howard Email: alicia.howard@us.army.mil

Fax: (518)-786-6032 Cmm: (518)-786-6097

If you have any questions please call or email SafeVision at **888.254.7406** or **314.961.7406**, or sales@safevision.net

Important – All optical measurements must be written in millimeter units (mm).

PART 1 – Ship To Information

Your Name			
Mailing Address			
City/State/Zip			
Phone #		Email Address:	

PART 2 – Current Frame data (ask your eyeglass store optician for help with this section)

Your Current Frame Data (in millimeters): Eyesize - DBL - Temple Length -

Question: Are you currently wearing Plastic Glasses without nose pads?

PART 3 – Current Lens Data based on the type of lens you CURRENTLY WEAR and will be ordering today. Note: You must order the SAME type of lens as you currently wear. (Single Vision wearers skip Part 3, go to Part 4)

For bifocal wearers we will need your “B” Measurement and your seg height on the glasses you are wearing now. We will use this information to determine your bifocal height on your SafeVision safety glasses. Please obtain this information from the store where you purchased your current eyeglasses, it is very important for the accuracy of your new bifocals from SafeVision.

If you currently wear a lined bifocal: Your B Measurement (in mm) - Your bifocal height (in mm) –

If you currently wear a lined trifocal: Your B Measurement (in mm) - Your bifocal height (in mm) –

If you currently wear a no-line progressive bifocal: Your B Measurement (in mm) - Your bifocal height (in mm) –

Part 4 – New Safety Frame Selection – Tell us the new safety frame you are ordering from our online catalog.

3 Digit Style Number: Eye Size - DBL- Temple- Color –

Note: Safety frames come with Removable Side Shields
